

Feather Hill Bed and Breakfast built in 1936 is a replica of a gracious and inviting early 19th Century Circa Center Hall Colonial with French Glass Doors that open into spacious and “Luxurious Accommodations”. Retaining that image we have provided many modern touches too! We are in the famed “Quiet Corner” of Connecticut – known as “The Last Green Valley.” Stroll the beauty of the Inn’s eight plus acres or enjoy a refreshing dip in our crystal-clear swimming pool. Walk the nearby Quinebaug River or spend a lazy afternoon enjoying the warm summer breezes. Feather Hill Bed and Breakfast offers the perfect respite in a beautiful country setting.

Feather Nest Cottage, a separate, beautiful cozy cottage with private entrance is great for honeymooners, the business traveler or meetings. The cottage has a gas fireplace for those chilly evenings, swimming pool-with two private decks, sleeps four with a full kitchen, living room, dining room, ceiling fans, air conditioning, and full bathroom with all amenities.
